1st vehicle, open truck, with men in the back, uniforms.  
2nd vehicle, armored, smaller than a tank, small gun -
- Small gun raw data
- ★ Small, round, narrow, attached to the top of vehicle. Maybe on a turret, not a tank. Possibly treads. Third vehicle, unarmed. Light armor. Like a jeep with sheet metal. Perhaps 4th vehicle a truck. One more, 5th in rear. Very sloping. Wheeled. Sloping front. Perhaps a gun. Attention focused upward. Hills along the side. mid-morning. No urgency. people walking. Going from site I to site II
